

GOVT. E.V. POST GRADUATE COLLEGE, KORBA DIST - KORBA (C.G.)

4.3.1

The institution is equipped with advanced **computers** and **projectors**, providing a highly configured and modern infrastructure. The **Computer Lab** is regularly updated and upgraded with the latest operating systems and required software to meet academic and technological demands.

The campus boasts comprehensive **ICT-based facilities** to streamline various processes, including **admissions, examinations, and notifications** for both staff and students. Dedicated systems are in place to keep parents informed about student affairs and progression through regular updates. Additionally, the campus is equipped with **LED display boards** for effective dissemination of important information.

With the support and initiative of **BSNL**, the college has established a **Wi-Fi enabled campus** offering connectivity at a speed of **10 Mbps**, ensuring seamless access to online resources.

Most classrooms and laboratories are outfitted with **LCD projectors, visualizers, and smart boards**, enabling interactive and online demonstrations for students. The campus infrastructure also includes **desktops, laptops, and cameras**, enhancing teaching and learning experiences.
