

GOVT. E.V. POST GRADUATE COLLEGE, KORBA DIST – KORBA (C.G.)

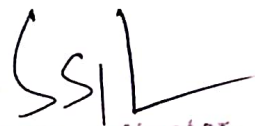

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

The College operates with a clearly defined organizational framework that promotes efficient decision-making and execution. Its Vision, Mission, Goals, and Objectives guide the governance structure, planning processes, and the involvement of teachers in key decision-making bodies.

The administration follows a collaborative model, actively engaging all stakeholders in the governance process. The Principal, as the head of the institution, is responsible for managing and overseeing the College's operations. Known for their expertise, forward-thinking approach, and dynamism, the Principal ensures smooth administration with the support of Heads of Departments (HoDs) and Conveners of various Committees and Cells.

HoDs play a vital role in shaping and implementing policies within their departments. They are granted significant autonomy to manage academic and administrative tasks within the College's regulatory framework. Faculty members also participate actively as members and conveners of various institutional committees. These committees are empowered to devise plans and monitor their implementation effectively.

To facilitate smooth operations, the College has established several committees to address specific institutional responsibilities, including admissions, academic scheduling, examinations, procurement, extension programs, and student welfare. These committees are essential for maintaining the College's efficiency and ensuring its overall effectiveness.
