12. A reorganization of Institution for its Research Centric Activities - The increase in research would lead to enriched educational percolation to students. Research activities are of immense importance in higher education institution. The college had decided to increase these activities so that the students of district could benefit out of this. The practice to be employed was of providing training to the students to increase the research activities in college.
13. Sharing of Human Resources and academic activities - To achieve balanced development of the human resources and academic activities among all the colleges in the district our college organize guest lectures, teachers exchange programme, seminars, workshops etc.
14. Helping Faculty Development - Our college encourage the Faculty (teachers in the colleges in the district) for Faculty Development Programme. It can also encourage colleges to develop their departments by different ways and means.
15. Divyang cell - The needs of the Divyang or differently abled students are a matter of concern for the college management and in order to cater to their needs a special Divyang Cell was formed. It provides information related to various government schemes, grants and sanctions and arranges vocational, skill development opportunities with quality education. It enables them to join the mainstream of the society with self-confidence and financial freedom and projects them as youth icons of the college.
16. District Level NAAC Committee - To motivate and guide the neighbouring college for NAAC accreditation process.
 - a. Total six colleges have entered to NAAC accreditation process for first time and have submitted SSR:
