## CRITERION I – CURRICULAR ASPECTS

### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

• Ours is an affiliated college. It receives an Academic Calendar which is released by the Department of Higher Education and is followed strictly. • Commencement of regular classes for first year students from the 1st of July. • Preparation of departmental action plan, teaching plan, time table and teaching diary. • Facility of smart classrooms with Smart Board and other ICT tools, use of PowerPoint presentations and access to the internet. • Rich Main Library, facility of departmental libraries with adequate texts, reference books and journals and access to several educational sites such as NPTEL, e-pg paathshaala, shodhganga etc. • Adequate facilities in the labs, regular teaching in practical classes, guest lectures, project works to facilitate students. • Teachers regularly supplement their lectures with printed study material which are easily available in the departmental libraries. Students are also encouraged to visit the aforesaid websites and prepare study material according to their requirements. • Slow learners are given additional lectures and printed study materials and advanced learners are encouraged to collect material from the library and the internet and prepare their notes accordingly. • Academic guidance is provided to the students. Their queries are also answered and necessary inputs are provided. Model answers are prepared and displayed and provided to students. • Unit tests and half yearly exams are conducted as per the Academic calendar. The marks of the students are recorded in prescribed formats. For the postgraduate students the Academic Calendar is followed accordingly and the internal assessment is completed with the online submission of their marks to the Affiliating University. The semester system at the post graduate level enables the teachers to complete the course as per the syllabus and conduct the internal tests, assignments, seminars and power point presentations. • Another important feature is the organizing of guest lectures in the departments for the post graduate students so that the students benefit by the eminent speakers who are invited by the department. • Several courses require that the students be taken on educational tours, industrial and field visits. Hence these are conducted as per the specifications of the syllabus designed by the Department of Higher Education. • All the details of curriculum delivery, Internal assessment, guest lectures and field visits are maintained by proper documentation. • The teachers are required to submit their course completion certificates at the end of the annual and semester session. • The annual report of the departmental activities is also submitted by means of power point presentation. • Extra classes are conducted to fulfill the backlog of sly bus • Apart from the records of the teachers, the college follows a systematic method of receiving feedback from the students. Students fill the feedback forms distributed to them and a committee of teachers analyse the forms and presents a report to the head of the institution who therein ensures that the suggestions, complaints queries of the students are alleviated by the teachers at the earliest.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
The development of any institution depends on its feedback system The suggestions ,views, complaints ,queries ,etc. found therein are analyzed discussed and used for improving the quality performance and effectiveness of

curriculum delivery, positive performance of teachers and improvement in infrastructure and other facilities. Feedback from regular students has been taken at the end of each academic session. Similarly feedback from Alumni, teachers, employers are also collected in the month of January/February every year. The Feedback collected from all stakeholder is analyzed thoroughly by IQAC members and suggestions given by the stakeholders are incorporated in the working policy of the Institution. Written Feedback is Collected on various aspects of the College including teaching, learning, infrastructure, future plan, Library and sports facilities, administration and other curricular and extra curricular activities. Feedback is also collected from parents during parents teacher meeting and from Alumni in Alumni meeting. The suggestions ,views, complaints ,queries ,etc. found therein are analyzed discussed and used for improving the quality performance and effectiveness of curriculum delivery, positive performance of teachers and improvement in infrastructure and other facilities. The different areas where improvement is needed are discussed by IQAC and Principal with respective committee or department. Follow up action regarding implementation of suggestions given by stakeholder are also regular practice in our Institution. Feedback about the teaching process and explanation by the teacher in their respective classes are also collected for UG and PG classes separately. If there is any chance for improvement then respective teachers are called by the principal and suggestion are given to them to make them more effective in the class rooms.

#### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Since ours is an affiliated college, it has to follow the norms laid down by the university and therein the Academic Calendar is followed stringently. The college follows integrated examination platform. The registered courses are centrally managed to prepare the data sheets for time table, student list, room wise allocation, invigilators list and attendance sheets. The time tables are displayed at notice board as well as in the college website. The examination process is looked after by the controller of examination. The question paper are set by concerned course faculty and submitted to examination committee atleast one week prior to the test. The centralized internal assessment tests are conducted for students of UG programmes. After examination the answer sheets are collected by the invigilators and submitted to the controller of examination for further process. However, for PG programmes the tests are conducted by the individual departments. At the post graduate level, evaluation methods include seminars, PPT, field tour, assignments along with regular internal tests. Evaluated answer sheets are given to the students to view their performance. The internal test and seminar or assignments marks are uploaded online in university website.

#### 2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

- The institution receives academic calendar from the Department of Higher Education which is required to be followed very carefully.
- All the departments are also required to prepare similar academic calendars accordingly.
- The action plan of the college includes the action and activities to be carried out by the college.
- The departmental action plans include academic activities, syllabus completion details, departmental activities, extracurricular activities, lectures and alumni meetings.
- Academic calendar of the session starts with admission process of UG and PG classes in which transparency is followed by following merit and Government reservation policy for SC/ST/OBC students
- New session for UG and PG classes starts from first week of July. UG classes on annual basis while PG classes are divided into two semester per Academic year according to University rules
- Internal test conducted in college according to timetable given in Academic calendar.
- Extracurricular activity, co-curricular activities and sports activity are followed according to Academic calendar
- Departments are also required to conduct a parents-teachers meeting to review the progress of their wards and receive their feedback.
- Regular tests, internal assessments, timely submissions of assignments, presentation of seminars and PPTs are also monitored as per the calendar.
- There is provision for visits, tours and internships. The entire record of the activities of the session are presented in the annual report of the department which is also presented by a PPT.

College internal committees:-

- All the major activities of the college are carried out by the internal committees of the college which are monitored by IQAC.
- All the internal committees have student representatives who give their best contribution in the successful completion of tasks.
- All the post graduate departments are directed by IQAC to include career counselling meetings, alumni activities and parents-teachers' meetings in their annual action plan. This ensures the best implementation of the aforesaid activities.
- Departments also distribute feedback forms to the post graduate students and feedback analysis is carried out by the team appointed for the same.
- Student volunteers shoulder several responsibilities during the Annual Function and Prize Distribution.
- The process of decentralisation in career counselling has also proven to be highly beneficial since various eminent speakers are invited to address the students.
- Departmental Alumni meets also enable close interaction of the students with their seniors and a positive rapport gets established.
- The practice of including students as members in various internal committees gives them a sense of belongingness, oneness with the college, inculcates leadership qualities with a deep sense of responsibility and most importantly, gives them an insight into the functioning of the college machinery, enhancing the credibility and transparency in all the dealings.
- Participative leadership is highly emphasised in the college for all the senior students. In this context it may be reminded that students of post graduate classes are trained to handle the departmental libraries, deliver lectures to UG classes, coordinate in the field visits and study tours.
- Student volunteers are trained to assist in the activities of the Youth Red Cross Society and provide assistance to the differently abled students of the college.

## 7.2 – Best Practices

### 7.2.1 – Describe at least two institutional best practices

**BEST PRACTICES 1** Research activities of post-graduate students

1. Title of the practice:- Research activities of post-graduate students

2. Goal:- To encourage students of post graduate classes to understand the value of research and participate in the related activities so that it will prove beneficial in their career.

3. The context:- • This is a major step in our efforts to fulfil the Peer Team Recommendation of increasing research activities in the college. • Research is generally confined to publication of research papers by teachers in journals. It also involves teachers/scholars pursuing doctoral studies. However this enhances only the profiles of teachers. • Our efforts over the past three years is to create a research-centric atmosphere in the college by organising Research Workshops and Seminar annually for the post graduate students and awakening their interest in research. • It is certain that this best practice will not merely motivate teachers to increase research activities but also students will get involved in the process of research.

4. The Practice:- After the second cycle of NAAC accreditation, the Peer Team strongly recommended an increase in research activities. In order to fill this lacuna it was decided to pursue research activities in two parts. Firstly, teachers are encouraged to publish papers in research journals to enhance their skills. Participation in workshops, seminars and symposia as resource persons, key note speakers, chairman or participants is also stressed upon. There are currently two research supervisors and two research centres in English and Sociology. It is expected that in the next academic year, there will be an increase in the number of research supervisors. The same schedule was repeated in the next academic year with the topic for the One Day State Level Workshop as- "Research and Research Methodology". The sequel was the two-day seminar in February 2019 on "Effects of Pollution on the Environment" and "Recent Trends in Science and Technology". This seminar was sponsored by CG Cost. 'A Step Towards Research' was the topic for the One Day Workshop organised in October 2019 for the post graduate students. The most important feature of all these programmes is that they were organised in collaboration with the Affiliating University and all the students of 3rd semester compulsorily participated in the workshop and presented papers in the seminars. The feedback received from the students showed their interest in initiating research activities in their careers. The purpose of creating a research-centric atmosphere adheres to the recommendations of the Peer Team.

5. Evidence of Success:- Statistics show that the number of students attending the workshops and presenting PPTs in the seminars is steadily increasing. Certificates of participation and the creation of the ambience of a perfect national seminar also proved beneficial to them.

6. Problems:- Initially, the challenge was to change the mindset of students who had no clue regarding research activities. The language barrier of PPT in English was solved by allowing students the advantage of being bilingual or choice of Hindi as their medium of presentation.

7. Conclusion:- In conclusion, though the efforts are small, their consistency will definitely prove beneficial to the institution in improving research activities and edging closer to the goal of 'A' in the next cycle of accreditation.

**Best Practices:2**

1. Title of the Practice:- Teachers using ICT for effective teaching

2. Objective of the practice:- To promote the skill of learning and to improve the learning outcomes, to develop learning resources, to use multimodal
